

MEMO

To: LCS Families

From: Office of the Superintendent

Please remember that as a Private Christian School, 100% of our finances come from tuition and donations. As a result, the re-enrollment and open en-enrollment process is vital for us to set our budget for the next school year and determine our staffing needs. It is important for us to determine as quickly as possible the number of students who will be returning for the next year and then fill the open classroom spaces with new students.

I am excited to let you know that our re-enrollment at this point has increased by more than 50% than it was at this time last year. In addition, our current enrollment is up by more than 15 students from the start of the school year and new applicants and inquiries are coming in every day. If God continues to bless LCS by adding families to our school, classes will begin to fill and waiting lists will grow. Please keep in mind that open enrollment begins this Monday, March 1st. At that time, we must begin to process the applications of new families who have been waiting for some time to see if God will open the door for them to attend LCS. At that point, each class spot will be filled on a first come first serve basis according to the date the application or re-enrollment form has been submitted.

It is our prayer that we do not lose a single LCS family. If you have not already submitted your re-enrollment form, please mail it this weekend. We will accept all re-enrollment forms postmarked in February. If it is your desire to re-enroll but special circumstances are delaying your decision, I would be more than happy to meet and pray with you and your family as you search for the Lord's will.

In Christ,

Jeremy Cowin
Superintendent
